PROFESSIONAL SUMMARY

Full Stack Developer with 3.5+ years of experience building responsive and scalable web applications using Angular, TypeScript, JavaScript (ES6+), Node.js, Express.js, MongoDB, and REST APIs. Experienced in developing reusable UI components, integrating APIs, building secure backend services, and optimizing application performance. Passionate about writing clean, maintainable code and collaborating with cross-functional teams to deliver reliable, user-focused web solutions. Holds a Bachelor's degree in Computer Applications (BCA).

SKILLS & TECHNOLOGIES

Frontend

- Angular (v14+)
- TypeScript
- JavaScript (ES6+)
- HTML, CSS, SCSS
- Bootstrap 5, Tailwind CSS
- React.js, Next.js (Basic)
- API Integration

CMS

- Wordpress
- Page Creation
- Content Management
- Plugin Integration
- Form Creation

Backend

- Node.js
- Express.js
- NestJS
- REST APIs Development
- JWT Authentication

Version Control & Tools

- Git & GitHub
- Jenkins (CI/CD)
- Postman
- VS Code
- Antigravity IDE
- npm

Database

- MongoDB (Mongoose)
- Firebase Firestore
- PostgreSQL (Basic)

Additional Skills

- Responsive Web Design
- Component-Based Architecture
- Performance Optimization & Lazy Loading
- Cross-Browser Compatibility
- Debugging & Troubleshooting
- Code Review
- SEO Best Practices
- third-party API Integration

WORK EXPERIENCE

Uxmint Design, UI Developer

11/2022 – 05/2026 | Chennai, India

Frontend

- Developed scalable web applications using Angular (v14+), TypeScript, HTML5, CSS3, and JavaScript (ES6+).
- Built reusable and modular UI components following component-based architecture.
- Developed responsive user interfaces using Bootstrap, Tailwind CSS, SCSS, and Angular Material.
- Implemented Reactive Forms and Template-driven Forms with custom validations.
- Optimized application performance using lazy loading, code splitting, and efficient change detection.
- Refactored legacy code and ensured cross-browser compatibility.
- Collaborated closely with UI/UX designers to convert designs into responsive web applications.
- Managed state using RxJS and NgRx.

Backend

- Developed RESTful APIs using Node.js and Express.js.
- Designed and maintained backend services for frontend integration.
- Integrated MongoDB for data storage and retrieval.
- Implemented JWT-based authentication and authorization.
- Built CRUD APIs and handled business logic for web applications.
- Integrated Firebase services where required for authentication and cloud features.
- Implemented WebSocket-based real-time communication features.
- Collaborated with frontend and backend teams for API design and integration.

Development Practices

- Used Git and GitHub for version control and team collaboration.
- Performed API testing using Postman.
- Worked with Jenkins for build automation and deployment workflows.
- Improved application performance through optimization and debugging.
- Created and maintained technical documentation for reusable components and backend modules.
- Participated in code reviews and resolved production issues efficiently.

EDUCATION

Bachelor's Degree Computer Applications, M.I.E.T Arts & Science college

07/2017 – 03/2020 | Tiruchirapalli, India

LANGUAGES

Tamil

Native

English

CERTIFICATES

One Million Prompters

Completed the One Million Prompters certification, gaining practical knowledge of prompt engineering and generative AI applications.
